

QHSE Policy

At **AAGASTYA ENGINEERING & STAFFING PRIVATE LIMITED**, we are dedicated to providing safe, high-quality, and environmentally sustainable solutions in engineering, infrastructure, and workforce services. We take pride in maintaining global standards in **Quality, Health, Safety, and Environment (QHSE)** in all our activities.

We're committed to:

- Providing consistent quality by ensuring dependable performance, regulatory compliance, and innovative foresight.
- Establishing a safe, healthy work environment that safeguards our people, partners, and communities.
- Lowering our environmental footprint through sustainable construction and fulfilling all environmental commitments.
- Conducting business honestly and with accountability in every market and on every project.
- Developing our people through training, education, and a robust culture of ongoing improvement.

This policy extends to everyone who speaks for our business—employees, contractors, and partners—wherever we are.
